

JCE Online

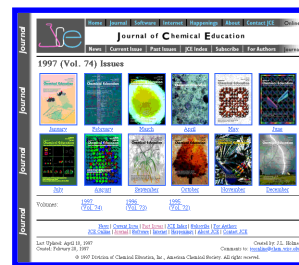

Here is a sample of what you can expect to find at

The opening screen. Select from these links: News, Journal, Software, Internet, Happenings, and About JCE.

Quickly search the index of 73 years of the Journal—1924 through 1996.

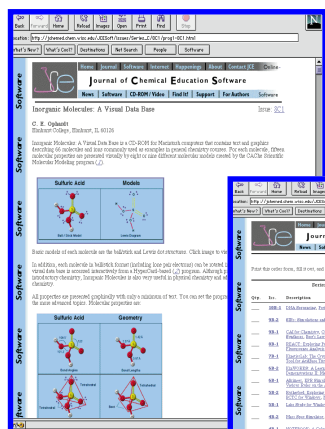

Here is the visual index to the Journal. Clicking on its cover takes you to an individual monthly issue, then to either the full text or the abstract.

Winner of the InternIC Award

There are individual listings for everything published by JCE Software. Many listings have color graphics. After you find what you want, you can go directly to an order form.

The Chemical Education Resource Shelf lists chemistry texts in print, just one of the features found under Internet.

Also under Internet are Internet publications such as "How a Photon is Created or Absorbed", a truly dynamic! publication.
