

Laboratory Safety Diagram

Create a laboratory safety diagram in the space below by doing the following:

a. Mark and label the position of the following laboratory safety equipment.

- | | |
|---------------------------|--|
| 1. Fire blanket | 7. Chemical disposal area |
| 2. Fire extinguisher | 8. Broken glassware disposal |
| 3. Safety shower | 9. Chemical spill clean-up kit |
| 4. Eyewash station | 10. Location of goggles |
| 5. Fume hood | 11. Location of emergency gas shut off |
| 6. Sinks for hand washing | 12. Office call button |

b. Locate and read the evacuation instructions that are posted in your laboratory. Describe how you should evacuate the room and the building in case of an accident or drill:

c. Label the fire exits in the diagram and add the evacuation route to your picture:
